

## PROGRAM KIT - 2011

Dear White Ribbon Sister,

It has been a gigantic effort to get this Program Kit ready and sent so **please** take time and look at it. I believe every country can find something useful! Then for those who do not have to translate it, make copies and send it **DIRECTLY** to each **LOCAL UNION**. Do not send to a region or district or however you are organized. **Get it to the local union** because that is where the work will occur. If it has to be translated, then hopefully you have several who will do that and then again, **send it directly to the local unions**.

Yes, I hope you continue to appoint **National Department Directors**. However, you now need to involve the local unions in selecting a **director** for **each department**. Her responsibility will be to keep the projects of her department before the group and see that together they accomplish some of them! The national director will have someone in the local to contact and encourage. Also, the Local Director can report activities her Union is doing to the national which can then be shared around the country. This is team work - remember? **T**ogether **E**veryone **A**chieves **M**ore.

The outlines for department workshops given at Convention are included in the Kit but if you go to our website under **News** and click **Convention**, you will have access to the **power point** for each of them and also for Dr. Tanner's tobacco speech. We have done all we can to make available to you the latest ways of reaching people so please take advantage and if this hi-tech is not for you, just ask a younger member to help you. We are indebted to Glenda Amos for putting all this on the website.

The question has been raised as to what spelling is used in your country - American English or English English? Glenda Amos has prepared material for the children with each spelling. (For example, Lesson 10 instructs them to "color" or colour"). I have chosen what I hope is the correct one for your country but if it is wrong and you let me know, I will be glad to send a copy of the other one. Of course you could use either set and explain the spelling differences in the world. (Complicated world, isn't it?)

Yours for the White Ribbon,

  
Sarah F. Ward

### **2010 KIT RESOURCES AVAILABLE:**

1. [Christian Outreach Kit](#) and [Workshop Presentation](#)
2. [Home Protection Kit](#) and [Workshop Presentation](#)
3. [Education Kit](#) and [Workshop Presentation](#)
4. [Social Service Kit](#) and [Workshop Presentation](#)
5. [Children's Kit](#) and [Workshop Presentation](#)
6. [Youth Kit](#)
